Subject: OSTA preps

Dear Mr. Khoa,

I have spent the entire week reviewing what we did last week and covering the main aspects of the course. Honestly, I feel a bit better now that I can finally understand it to some extent. Also, I have solved two tests that Mr Tan sent me, but there are a few points where I need your help to make it clearer. Can I make an appointment for tomorrow?

By the way, if you have checked my test last week (new test) or you have the solutions to both of them, could you send them to me so that I can use them as preference? That will save us some time tomorrow, I'll take a look at it tonight.

Thank you for your support!
Regards,
Truc Nguyen

Dear anh Khoa,

Thank you very much for your help during the course.
The OSTA exam is today. After this, it takes possibly a month for me to finalize the students' marks.
I will let you know if there is any concern by then.
But anyway, I look forward to working with you again in the future.

Best regards,
Tan
